VIU enables a spontaneous changeability. The upholstered modules are put together according to the usage requirements and personal taste. They can be swapped or rotated as needed. In this way, new seating and reclining landscapes can be created as required in just a few simple steps. VIU can be playfully integrated into our lives.

## 7. DESIGNERS

*"Design means everyday culture. It helps us to enjoy and simplify life. We are fascinated by the process that starts with an idea, becomes substance and hopefully results in a long and pleasurable use for its qualities. That's how we understand reasonability and sustainability."*
